Rules

Individual roleplaying is just one-on-one rping. Very simple.

(Sometimes I'll make an exception for 3 people roleplaying, but it just depends, really.)

Okay okay so to roleplay these are three rules you have to follow (they're real simple too so):

1 // Roleplay with at least 2+ sentences with each reply.

2 // Please don't powerplay

3 // I don't care if there's a lot of drama in our roleplay. I actually prefer that more than a boring one!

And that's it! Just ask to roleplay with a character you find that you like, then state your cat's name and gender :) We'll roleplay in chain comments so others can rp with that character as well!

Hope you enjoy. Thanks.

Hamilton [Closed]

|| ***H A M I L T O N*** ||

Name // Hamilton

Age // 19 moons

Gender // Tom

Sexuality // Straight

Rank // Rogue ; former kittypet

Home // The town

Appearance // Golden-and-white tabby tom. Solid gold tabby markings cover his face and back, and he has soft, white fur on his underbelly and feet. He also has sharp green eyes. Hamilton has a large, crooked scar that runs down his right eye.

Personality // You could say Hamilton is one of a kind -- he's cocky, stuck-up and way too prideful. He calls everyone by nicknames just to annoy them for the fun of it. He can connect easily with cats like himself, but also somehow manages to befriend even the shyest or most feisty cats. He's known for being sly and curious, but is also careful if he decides to pursue someone. He's a "glass-half full" kind of cat. However, he punishes himself way too much for things he can't even control, and finds small or confined spaces threatening and unsafe. He hates being judged, but usually hides it by showing off or using a nickname.

PERSONALITY /
Batchaser is a cat most don't want to affiliate themselves with. He's cocky, stubborn, sarcastic, and cold. He never lets things go, and usually wins at many arguments because of this. Batchaser has a good memory, and his intelligence can surprise those who think badly of him. He stays strong and loyal to his beliefs, too. Batchaser can hold a grudge longer than any cat you've seen, and doesn't

forgive easy. He doesn't care if he hurts cats with his words or claws, and he's completely immune to loneliness and insults. In fact, he'd rather live in solitude than with others.
